Re: Governing Board Year End Report (2017-2018)

To the Secretary General,

This report is sent at your request, in conformity with section 82 of the Education Act.

The Crestview GB met eight times during the 2017-2018 school year. The GB was scheduled to meet on the fourth Thursday of the month.

During the 2017-18 year, the GB approved activities that involved PPO fundraisers; as well as other fundraisers for charitable foundations such as Autism Speaks Canada, Terry Fox, Agape and our school Assista dog Hope.

The GB also approved various fieldtrips. The GB approved the fieldtrip/PPO money allocation to \$30.00 per student to allow each child to attend one fieldtrip where there would be no or minimal cost to parents.

The GB discussed changing caterers but had a difficult time finding a new one that would accommodate a small school. The GB discussed and approved eliminating the dress code for the 2018-19 school year.

The full schedule of activities throughout the year, as prepared by the Principal and the school secretary is attached to this report.

The GB had a total of four e-votes. During this school year, the GB received, discussed and replied to a number of consultation documents.

Our alternate was called upon to attend all GB meetings and was required at two GB meetings so that we could obtain quorum. This was due to many last minute cancellations and one member only being able to assist in two meetings. Our group did work well together.

There will be three parent positions to be filled for the 2018-19 GB. The General Assembly has been scheduled for September 13, 2018 and the notice will be sent out with the report card.

Respectfully Submitted,

Chantal Théorêt
Chairperson, Crestview GB (2017-18)

cc. Mrs. Jocelyne Thompson-Ness, Administration Officer, SWLSB
